

## ALL U. S. TROOPS WILL BE HOME BY SEPTEMBER

### Under Plans Determined by President Wilson

WASHINGTON, May 2.—The termination of President Wilson, indicated in press advices from Paris, that no American troops shall continue on German soil for a longer period after the signing of the peace treaty than may be necessary to embark them for home to be borne out by present plans of the war department, which contemplate the return of the entire American expeditionary forces by September. Because of this every effort is being made to speed up the demobilization in this country.

An official announcement issued today as to the accumulation of surplus army clothing stated that the estimates were based on "troop withdrawal to be completed in September."

The statement also said that "if an army of occupation is maintained after September a portion of this surplus will be needed."

The September date represents estimates by demobilization officials as to the maximum possible speed in withdrawing the entire force in Europe, including the troops holding the Coblenz bridge head sector on the Rhine. Officials anticipate that the movement will be accelerated rather than retarded. The schedule has been exceeded recently and in increasing measure from week to week with an indicated monthly movement of 450,000 men, the best predictions of General March and his aides had said, it was said, to be more than realized.

General March returned today from a personal inspection of the demobilization centers in the southeastern department. At each of the camps the chief of staff insisted that the 48-hour period for the passage of troops from the camps into civil life be maintained.

Officers recently returned from France say the "two bottle necks" through which practically the entire movement must pass, the embarkation camp at Brest and the demobilization station at Hoboken are now operating at a remarkable speed.

An instance of the rapidity with which the machine is working was shown today by the fact that among the officers reporting to General March on his return were some who started from their sectors on the Rhine just twenty one days ago.

### INCREASED IN WIRE RATES DEFENDED

WASHINGTON, May 2.—Increase of intra-state telephone toll rates by the postmaster general was defended in a brief filed by the government today in the supreme court in connection with pending appeals from South Dakota and Massachusetts courts. The state authorities have contended the increase was an undue interference with the police powers. Arguments in the proceedings will be heard next Monday.

The government in its brief declares the suits instituted by the South Dakota and Massachusetts authorities were in reality brought against the United States without its consent and should be dismissed. That in taking over control of the telephone systems the president placed them in the hands of the postmaster general as his representative under the broad power given him by the resolution to manage as "he saw fit," and they thus were in effect added to the postal service.

The government brief denies that state police powers are impaired or affected by not submitting the rates fixed by the officers of the United States to state control.

The government contends that state public utility commissions were never authorized when created by the states nor since to deal with the rates of public utilities operated by governmental agencies.

### SHIP YARDS SUSPEND WORK

Washington, May 2.—Ship yards will not be forced to suspend work nor will any men be thrown out of employment in the contemplated readjustment of the building program of the shipping board. Chairman Hurley said today. Mr. Hurley explained that the prospective cancellation of 2,000,000 tons of ship building contracts would be followed by the substitution of contracts, calling for the construction of more desirable types of vessels.

## Irish Demands For a Republic Are Given Out

NEW YORK, May 2.—Supreme Court Justice Cohan received today from the representatives of the Irish republic at Paris, a copy of the declaration of independence adopted by the Irish republic parliament, publication of which has been suppressed in Ireland. This is the first copy to reach this country.

The declaration reads: "Whereas, the Irish people is by right a free people; and "Whereas for 700 years the Irish people has never ceased to repudiate and has repeatedly protested in arms against foreign usurpation; and

"Whereas English rule in this country is and always has been based upon force and fraud and maintained by military occupation against the declared will of the people; and

"Whereas the Irish republic was proclaimed in Dublin, on Easter Monday, 1916 by the Irish Republican army acting on behalf of the Irish people; and

"Whereas, the Irish people is resolved to secure and maintain its complete independence in order to promote the common wealth and to establish justice to all; and to secure to all the sure peace at home and abroad with all nations and to continue a national policy based upon people's will with equal right and equal opportunity for every citizen; and

"Whereas, at the threshold of a new era in history the Irish electorate has in the general election of December, 1918 seized the first occasion to declare by an overwhelming majority its firm allegiance to the Irish republic; and

"Now, Therefore, we the elected representatives of the ancient Irish people in national parliament assembled do in the name of the Irish nation ratify the establishment of the Irish republic and pledge ourselves and our people to make this declaration effective by every means at our commands.

"To ordained that the elected representatives of the Irish people alone have power to make laws binding on the people of Ireland and that the Irish parliament is the only parliament to which that people will give its allegiance.

"We solemnly declare foreign government in Ireland to be an invasion of our national rights which we will never tolerate and we demand the evacuation of our country by the English garrison.

"We claim for our national independence the recognition and support of every free nation of the world and we proclaim the independence to be a condition precedent to international peace hereafter.

"In the name of the Irish people we humbly commit our destiny to Almighty God who gave our fathers the courage and determination to preserve their long centuries of ruthless tyranny, and strong in the justice of the cause they have handed down to us we ask His Divine blessings on this, the last stage of the struggle which we have pledged ourselves to carry thru to freedom."

### U. S. A REAL FACTOR IN ATLANTIC FLIGHT

ST. JOHNS, May 2.—The United States navy became a real factor in the contest for trans-Atlantic flight honors when the mine layer, Aroostook dropped anchor in British waters at Trepassey Bay. It has on board the crew of the Naval Air Station which will be maintained as the base for the American flying boats.

The arrival of the Aroostook bringing the hint of the early arrival of the American naval seaplanes for their start across the Atlantic caused no noticeable concern to Harry Hawker and Captain Frederick P. Rayham who have been here nearly a month awaiting favorable weather for the trip in their land plane and they professed no anxiety over the possibility of being outdone in the overseas race.

"If we are held here until the Americans arrive at Three Passes Bay or even at the Azores we should still be able to get across before them," commented Rayham.

Wind and weather conditions over the Atlantic were reported today about as good as could be hoped for, but once more it was a local "beam wind" sweeping across their fields that prevented Hawker and Rayham from getting underway.

### ORATORICAL CONTEST

Chicago, May 2.—Robert Auerer, University of Iowa, won the \$150 prize and first honors in the annual intercollegiate oratorical contest of the Northern Oratorical League at Northwestern University tonight. A message from Miss Alice M. Hoelze, University of Michigan, was second; John Powell, Jr., University of Illinois, third.

### MISSIONARIES SAFE

New York, May 2.—Announcement was made today by the Presbyterian board of foreign missions that all its missionaries in India are safe.

## COUNCIL TAKES UP MINOR ARTICLES OF PEACE TREATY

### Friday a Quiet Day in Peace Conference Circles

PARIS, May 2.—(Havas.)—The council of three today settled the status of the Kiel Canal. Germany probably will retain proprietorship but tolls for passage will be levied under international control.

PARIS, May 2.—President Wilson, David Lloyd George and Premier Clemenceau have settled the question of the German under-sea cables. The decision was reached that the cables were spoils of war and belong to those powers which took possession of them.

[By The Associated Press.]

Aside from discussion by the council of three of minor articles of the peace treaty, Friday in peace conference circles in Paris was quiet. Likewise at Versailles, where the German delegates are awaiting the terms of peace, there were no extraordinary happenings. With the controversy with Italy still unsettled and the Chinese delegation reported to be disposed to protest against the award of Kiaochow to the Japanese, is now declared to be dissatisfied with the terms of the peace treaty as regarded her territorial desires in Germany.

Apparently no great attempts are being made by the council to bring about a reconciliation with the Italian delegates. The French ambassador has conferred with Premier Orlando regarding the situation and development in Paris since the Italians left.

The soviet movement in central Europe seemingly is fast approaching its downfall. Munich, seat of the Bavarian soviet, is reported unofficially to have been recaptured. In Hungary, Rumanian forces with King Ferdinand at the head are about to enter Budapest, while Bela Kun, Hungarian foreign minister continues to make overtures for a cessation of hostilities by Rumania and also by the Czech-Slovaks and Jugo-Slavs.

Wireless advices from Moscow assert that the Bolshevik government in Russia has sent an ultimatum to Rumania demanding the evacuation of Bessarabia. Rumanians to comply.

The Spanish parliament has been dissolved by King Alfonso and new elections set for June 1, according to reports received in London.

### Belgians Dissatisfied

PARIS, May 2.—(By The Associated Press.)—The Belgian delegation to the peace conference is expressing dissatisfaction over the terms of the preliminaries for peace as they affect Belgium. None of the territorial claims of Belgium has been granted except that for Malmedy, a small town in Prussia, the population of which before the war was largely Walloon.

Malmédy will revert to Belgium. The territory on the left bank of the Scheldt river and Maestricht and the Limbourg peninsula are not mentioned in the terms.

Of the \$500,000,000 already mentioned as an immediate financial indemnity for Belgium, more than half has merely been placed to Belgium's credit in allied countries as part payment of war loans. No provisions have been made for the recall by Germany of the six billion marks left in Belgium and now lying in Belgian banks and vaults, bearing no interest and unproductive as the circulation of the mark in Belgium is not permitted. "The amount represents virtually the total Belgian wealth assets," said a member of the Belgian delegation today.

The Belgian premier arrived in Paris today, bringing a message of protest from the Belgian senate. He conferred with M. Hymans of the Belgian peace delegation, who is expected to appear before the council of three to make representations concerning the terms granted Belgium.

### EXILES DEFEAT GUARDS

San Juan Del Sur, Nicaragua, May 2.—Costa Rican exiles defeated a force of Costa Rican frontier guards on the Rio Frio, near the southeastern shore of Lake Nicaragua, Thursday. The frontier guards retired.

It is reported here that other revolutionists have begun an attack along the border between Costa Rica and Panama. A small schooner carrying revolutionists capsized in Lake Nicaragua after the skirmish on the Rio Frio. All on board were rescued.

### WILL DEPORT ALIENS

San Francisco, May 2.—Parties of alleged alien revolutionists are being made up in San Francisco, Seattle and their coast points for deportation as a result of the receipt of mailed bombs and other radical activities at these points, Edward White, commissioner of immigration announced here today.

## Federal Agents Continue Hunt for Bomb Senders

NEW YORK, May 2.—Agents of the department of justice, post-office inspectors and New York detectives continued today their hunt for the anarchists who deposited in the mails more than a score of deadly dynamite bombs addressed to prominent men in all parts of the country but no arrests have been made. It was intimated that several radicals were under suspicion.

Details of the progress made were not disclosed on the ground that publicity might enable the reds sought to escape. The district attorney has received an anonymous communication suggesting that he investigate the activities of three men who have been prominent in Socialists and I. W. W. activities. He intimated that he would act on the suggestion.

Captain H. D. Tronzo, explosives expert of the bureau of mines, who arrived here today from Washington, made a close examination of the bombs. It was found that the dynamite used in them was of the ordinary variety but that it had been soaked in nitro-glycerin to make it more deadly.

The bombs not yet examined were removed from the postoffice today when it was discovered that the acid in the phials designed to explode fulminate of mercury caps was eating thru the cork, threatening an explosion.

Officers at work on the case are virtually convinced that the infernal machines were made here. They expressed satisfaction at their success in finding the plant which manufactured the paper used as a covering for the bombs. Only a small quantity has been distributed and it may be possible to trace the assassins by means of it.

It was said tonight there appeared to be no connection between the bomb conspiracy and the finding of a quantity of explosives in a house in West 45th street raided by government agents seeking narcotics illegally held. The explosives seized included a considerable quantity of T. N. T. of the best quality.

## MOTHER OF U. S. DOUGHBOYS HOME

NEW YORK, May 2.—"Ma" Burdick, 60 year old Salvation Army "lady," mother to thousands of doughboys returned to New York today on the Nieuw Amsterdam from Brest.

At the front she worked under shell fire, her silvered head protected by a steel helmet. She cut off the rain and mud soaked tails of the doughboys long coats and fashioned fatigue caps. She fried flapjacks over a stove fashioned from scrap metal and turned the toothsome batter cakes with a scrap of tin roofing. Her hostel was sometimes a shell hole and sometimes a cellar or a barn. She moved her headquarters as the army moved, and found time to hold gospel meetings and sing services at which many conversions were reported. She finally over-worked and was found lying ill in the loft of a shell torn stable. She was taken to a military hospital in Paris. When she recuperated she returned to the front.

Mrs. Burdick was among the first women war workers in France. Her son, E. Burdick fought in the trenches and her daughter Ceia served in the Salvation Army. Her husband, Ensign Floyd Burdick, chopped wood and hustled fuel for his wife's fan-fan fires and between times he mended watches for the boys, using a pen knife as his only tool.

"Ma" Burdick held the pie baking record of the war having made 324 pies in 12 hours.

### TWO AVIATORS FALL 20 FEET

CHICAGO, May 2.—Lieutenant Cameron Wright and his assistant, Sergeant Martin Julian, from the flying field at Rantoul, Ill., fell 200 feet here today, but were not seriously injured. The plane was wrecked.

Mechanic Julian's neck was severely sprained, possibly dislocated, it was said and he was taken to a marine hospital.

Col. L. H. Brennan, commander of the landing field in Grant Park where the accident happened, said that the plane was spinning on the field and causing the pilot to lose control of his plane as he drove it downward so sharply to avoid spectators.

### 22 KILLED IN RECENT EARTHQUAKE

Washington, May 2.—Seventy-two persons were killed and more than 400 injured in the earthquake at San Salvador April 25th, according to advices today to the state department. The shocks continued until yesterday.

### SUNDAY BASE BALL FOR NEW YORK

New York, May 2.—Mayor Hylan signed the ordinance passed by the board of aldermen, which permits playing of professional base ball on Sunday after two o'clock.

## BULLETINS

LONDON, May 2.—Reports received here tonight seemingly confirm the recapture of Munich by the government forces.

A dispatch from Copenhagen dated Thursday says Munich was taken Wednesday evening and that somewhat severe fighting preceded the government victory.

VIENNA, May 2.—(By The Associated Press.)—The appeal of Bela Kun to the Rumanians and Jugo-Slavs to cease operations against Hungary and agreeing to accept their terms if they halt their armies is interpreted in Bolshevik circles here as a preparation for the capitulation of the Bela Kun ministry.

BERLIN, May 2.—(By The Associated Press.)—The entry of government troops into Munich from all points was to begin at noon today according to the Vossische Zeitung. Dr. Landauer and Egelhofer, commander of the red army have been captured, the newspaper adds.

LONDON, May 2.—The Russian soviet government has sent an ultimatum to Rumania, demanding the evacuation of Bessarabia. A wireless dispatch from Moscow says that the Rumanian government is given 48 hours in which to comply.

WASHINGTON, May 2.—More than one third of the Victory Liberty loan has been subscribed on the basis of tabulations made tonight by the treasury. Subscriptions total more than \$1,500,000,000.

BERLIN, May 2.—(By The Associated Press.)—Correspondents of German newspapers at Versailles in their articles agree as to the correct attitude observed by the French toward the German delegates.

They seem to expect that the German delegation will have ten days to digest the peace conditions and a few days to discuss them and that peace will be signed toward the end of May.

LONDON, May 2.—King Alfonso of Spain has signed a decree dissolving parliament, says a dispatch to the Exchange Telegraph from Madrid. The dispatch adds that general elections will be held June 1.

LOS ANGELES, May 2.—Mayor F. T. Woodman on trial here for several weeks on charges of having accepted a bribe to protect vice conditions was acquitted tonight by a jury in the superior court.

VERSAILLES, May 2.—(By The Associated Press.)—A meeting of the German inter-allied financial commission was held this morning at the Trianon Hotel. The eight German delegates arrived about, walking across the park under the escort of a French captain. The American and other inter-allied delegates drove from Paris in automobiles. The delegates embarked on a prolonged discussion of the negotiations at the Chateau de Plaisance, at Senlis. The American delegation comprised Thomas W. Lamont and Henry P. Davison.

### VON HINDENBURG QUILTS HIS POST

Berlin, May 2.—(By The Associated Press.)—Field Marshal von Hindenburg has written President Ebert announcing his intention to retire to private life.

"During the transitional period," says von Hindenburg, "I considered it my duty to serve the fatherland but with the conclusion of a preliminary peace my task will be fulfilled and by desire to retire in view of my advanced age will be universally understood, the more so because it is known how hard it has been for me in view of my opinions and my continued to exercise my office."

Herr Ebert assented to the request and expressed the undying thanks of the German people for von Hindenburg's service and self-sacrifice.

### DANIEL DINES WITH DAVIS

London, May 2.—Secretary Daniels dined tonight with John W. Davis, the American ambassador. Among those invited to meet Mr. Daniels were Walter Hume Winston, first lord of the admiralty; Winston Spencer Churchill, secretary for war; Vice Admiral Sir David Beatty, commander of the grand fleet, and Vice Admiral Sir Rosslyn Wemyss, first sea lord.

Secretary Daniels tomorrow will inspect the American naval headquarters and will lunch with Rear Admiral Hary S. Knapp who succeeds Rear Admiral William S. Sims as commander of the American naval forces in European waters.

### DANIELS WILL SAIL FROM BREST NEXT WEEK

Washington, May 2.—Secretary Daniels and his chief technical advisers will sail from Brest for home on the transport Mount Vernon, May 8, or 9. Future types of capital ships and development of naval aircraft were the chief subjects discussed by the American officials with the leading naval authorities at Paris, London and Rome.

### GOMPERS SITS UP

New York, May 2.—Samuel Gompers, president of the American Federation of Labor, today sat up for the first time since he was injured Sunday.

## ENEMY GETTING 370,000 TONS OF FOOD MONTHLY

### Amount Sufficient to Keep Germans Alive and Going

NEW YORK, May 2.—The supreme council of supply and relief is selling to Germany monthly 370,000 tons of foodstuffs as compared with the Teuton demand for 440,000 tons. Dr. Vernon L. Kellogg, representative of Herbert Hoover, recently returned from a survey of conditions in central Europe, announced here tonight.

This allowance, with minor imports from contiguous neutral lands, in Dr. Kellogg's opinion would keep the Germans "alive and going."

It would not provide a per capita daily ration of 2,400 calories which the German food experts declared was necessary, he said, but war experiences had proved they could exist on less and the demands of the liberated countries given first consideration enforced a limit on the provisioning of Germany. Dr. Kellogg said the allied relief organization drawing largely on America for its supplies, was sending 300,000 tons of cereals and 70,000 tons of fats into Germany each month.

The American relief administration made public tonight a joint report to Mr. Hoover by Dr. Kellogg and Dr. Alonso E. Taylor on a survey of Germany completed late in February. The investigators recommended admission of foodstuffs to the country as conducive to the maintenance of public order and social tranquility. The observers found the Germans underfed, underweight, disillusioned, apathetic, embittered and afflicted with profound moral degeneration. There was little civic conscience, they asserted and idle men and women were drifting into crime.

Of the Ebert government the investigators confessed little respect "for its quality, policies or authority." It was making false promises regarding lack of food and its effect they asserted, was creating a "revenge idea" against the entente and continuing the imperial policy.

Rumania is undergoing the most acute suffering of any of the "hungry nations" of Europe, according to Dr. Kellogg, with conditions in Serbia, Czechoslovakia and Poland almost as bad. Belgium soon would be able to take care of its own imports, he said, while Austria-Hungary and other central European countries would buy from the allied relief organization.

## REILLY'S BUCK SWILL BE GIVEN WELCOME

CHICAGO, May 2.—Plans for welcoming the 149th artillery (Reilly's Bucks") of the 42nd division (Rainbow) in Chicago next Thursday were considered today at a meeting called by Walter H. Wilson, chairman of the executive committee of Governor Lowden's reception committee of 1,500 who will celebrate the return of the 33rd (Prairie Division) and the 149th regiment. It was agreed that \$100,000 will be needed for the welcoming demonstration.

The 149th artillery is scheduled to entrain at Camp Merritt, N. J., May 6th, for Chicago coming over the Michigan Central and is not to arrive before Thursday morning. The regiment will be received by the governor's committee of which B. E. Sunney is chairman, the mayor's committee and the G. A. R., Spanish War Veterans and other organizations.

The regiment will go to the Coliseum where the home folks will gather.

Plans call for the parade to start about 11 a. m. with official reception committees, Governor Lowden, Mayor Thompson and high military, state and city officials in the reviewing stand, and thousands of relatives and friends in special grandstands. The regimental band will lead the parade and the wounded members of the regiment will ride in automobiles.

At 3 p. m. the regiment will entrain for Camp Grant.

Date of arrival of the Prairie Division which includes the greater part of the old Illinois National Guard units from overseas still is undetermined.

### CHINESE ISSUE STATEMENT

Paris, May 2.—(By The Associated Press.)—The Chinese peace delegation issued a statement this afternoon with regard to the decision of the council of three concerning Kiaochow, the statement explaining that the decision of the conference virtually substitutes Japan for Germany in Shanghai and adds to the Japanese railway rights in Southern Manchuria and gives Japan practical control of northern China.

## Cable Lines Officially Given Back to Owners

WASHINGTON, May 2.—The American cable lines taken over by the government in November were restored to private ownership and operation at midnight tonight by direction of President Wilson.

The turnback was without ceremony or formality. Since December, Newcomb Carlton, president of the Western Union Telegraph company, has been directing head of the cable service by appointment of the postmaster general.

Beginning tomorrow, however, Clarence H. Mackay, president of the Commercial Cable company, will assume his former duties with that company. Mr. Mackay was removed by the postmaster general because of his refusal to cooperate in government efforts to unify all trans-Atlantic service.

Postmaster General Burleson today received another telegram from Mr. Mackay requesting the return of the Postal company's land lines at once. Mr. Burleson in reply said his telegram of the first instant disposed of the matter so far as he was concerned.

## CONTROVERSY RAGING BETWEEN OFFICIALS

CHICAGO, May 2.—While the November grand jury is continuing investigation of alleged vote fraud in primaries and elections since last fall, and a controversy is raging between State's Attorney Hoyne and Superior Judge Guerin over calling of a special grand jury to inquire into supposed election frauds, the April grand jury submitted a report charging politics is corrupting the Chicago police department and ensuring a municipal judge and two aldermen unnamed, in connection with the discharge of a man accused of receiving stolen property. The report commended Mr. Hoyne.

County Judge Scully asked for the special jury and Judge Guerin told Mr. Hoyne's petition for a change of venue. The judge denied prejudice against the state's attorney and cited social friendship between the Guerin and Hoyne families for two generations, adding that his daughter was to be maid of honor at the approaching wedding of Mr. Hoyne's son.

The state's attorney afterward said the judge's daughter was welcome in his home but if the judge attempted to attend the wedding "I shall personally slap his face and throw him downstairs."

The grand jury's report virtually asked repeal of the parole law and advocated that the chief of police be held responsible for crime.

## PROMISE RECORD BREAKING WHEAT CROP

WASHINGTON, May 2.—Predictions of the department of agriculture for a wheat crop this year even larger than the record-breaking crop of 1914, was repeated today by the United States chamber of commerce in a report based on statistics obtained from all sections of the country. The report stated that an average better before equalled had been planted and a yield of 900,000,000 bushels was forecasted.

"The condition of the winter wheat is so high as to be without precedent or parallel," the report said. The plant came thru the winter and the trying month of March unscathed and unhurt.

Reports of damage are most remarkably by their entire absence. Unless climatic catastrophe or unexpected plague or insects intervene the yield will be 90,000,000 bushels or about 33 per cent more than the great harvest of 1914."

The report stated that one interesting sidelight of the situation was that about 25 per cent of the yield would be south of the Mason and Dixon line.

### OPPOSE U. S. ACTION TOWARD ITALY

Washington, May 2.—Action of the American delegates to the peace conference "in assuming the entire responsibility for the settlement of the Italian controversy" has resulted in strong opposition among the people of the west, declared Senator Polinder of Washington Republican in a statement issued today on returning from a trip to the Pacific coast.

"The people look upon the Italian controversy as peculiarly a European problem," Senator Polinder asserted, "and feel that the statesmen of France and England have achieved a diplomatic triumph in shifting the responsibility of its settlement to the United States."

### ROUNDING UP UNDESIRABLES

Washington, May 2.—Anthony Caminetti, commissioner of immigration said today that Edward White, immigration commissioner on the western coast was not acting under any special orders from Washington in rounding up alien undesirables in San Francisco, Seattle and other coast cities and that he undoubtedly was doing so in line with his regular duty.

## PRESENT LEAD DRIVE IS FAR BEHIND OTHERS

### St. Louis District Is Still Leading Entire Country

WASHINGTON, May 2.—The need of the government for funds to bring the war to a successful conclusion was carried directly to every person in the United States who can be reached as a result of the slowness of the public in volunteering subscriptions to the victory loan. Latest figures compiled tonight showed \$1,497,347,600, less than one third of the quota subscribed. Individual subscriptions in nearly every reserve district were said to be running far short of those in previous loans, apparently indicating that the public was not awake to the necessity for raising the full \$4,500,000,000 in order to bring the men back from overseas, complete demobilization and care for the wounded. Telegrams were sent to every state organization in the country to make the last seven working days of the campaign productive and sufficient individual subscriptions to put the loan "over the top" without calling on the financial institutions.

The St. Louis federal reserve district leads the country in having subscribed 59.8 per cent of its quota and two other western districts, Chicago and Milwaukee rank second and third, respectively. The southwest, or Dallas district, was at the bottom.

The subscription in the St. Louis district was \$116,385,050. The Chicago district has raised \$320,501,700, or 49.1 per cent of its quota. The Minneapolis district subscription was \$75,070,050, or 47.6 per cent of the district's quota.

In the New York district today's gain was \$43,527,800. New England showed an increase of \$13,000,000 for the day. Honor flags have been awarded 232 communities.

The state of Missouri oversubscribed its quota by more than ten per cent without any subscriptions from banks. Very encouraging reports came from the Minneapolis district, thirty per cent of the counties having subscribed their quotas.

### Chicago District Gains

Chicago, May 2.—A gain of \$24,586,450 in twenty-four hours made the seventh federal reserve aggregate \$468,970,450 tonight district victory loan subscriptions against a quota of \$652,500,000. Of that gain \$15,400,000 was obtained in the state divisions outside Chicago which have \$472,275,000 as their goal. Chicago still is far behind schedule toward its quota of \$189,225,000. The state divisions outside Chicago stood tonight as follows: Illinois (outside Chicago) \$42,000,000; Iowa \$12,900,000 (figures unchanged for several days); Michigan \$130,000,000; Indiana \$52,000,000; Wisconsin \$52,000,000.

Chicago had \$80,970,450. Champaign county,

PIKE COUNTY DIVORCES.

The divorce question in Pike county can properly be put down as one demanding consideration. The docket of the circuit court for this term shows 28 cases and court action has already been taken in 24 of them. Notwithstanding these evidences of the dangers of matrimony, a recent newspaper announcement indicates that Judge Harry Higgins, officiating at the Pike county court, is soon to be married.

IN EAST ST. LOUIS.

Mayor Stephens and four commissioners have just been installed at East St. Louis. These officials have the advantage of following an administration during which conditions in East St. Louis became a menace to the state. The new administration certainly has the opportunity to shine by contrast with the old.

NOT FOR KID GLOVES.

Better turn over the settlement of the I. W. W. and bombing disturbances to Mayor Ole Hanson of Seattle. The western coast mayor declares that the government is on the wrong track in starting conferences instead of exterminating in dealing with the I. W. W., and in singing of brotherly love and turning loose these enemies of society. The numerous riots of May day and other evidences of anarchistic propaganda certainly prove that the situation is not one to handle with kid gloves.

PROPERTY VALUES.

The activity of city real estate has been the subject of previous comment. That activity continues and city property is changing hands more rapidly than has been true within the memory of most people. With this activity there has of course come an increase in values. For years it has been an unfortunate fact that very little city property, especially in the residence district, could be sold for its real worth. Now that condition has disappeared and the property owner who wants to sell has a pretty good chance of doing so at the real worth of his holdings. There has been more than one instance recently where property has been sold at a profit. "The days of confidence" are here.

BEGINNING IN THE RIGHT WAY.

No statement made by Mayor Crabtree at the council session Thursday night was read with more interest by the public than that with reference to the proposed financial statement. The fact that the Price-Waterhouse Audit Co., one of the best known in the U. S., has consented to make this

statement without charge to the city, was also known with great interest. By means of this statement the public will have an understanding as to the exact financial conditions, and will realize the task that is before this administration in its endeavor to better these financial conditions. As the statement brings to pass this understanding of the task, it will be certain that the sympathy and support that could not otherwise come. In truth there is not much that the administration can do until fortified with the knowledge of exact conditions. Then the officials can both make and receive suggestions.

TEACHERS AND THEIR PAY.

The teachers of Jacksonville have united in a petition to the board of education for an increase in salaries. In taking this action the teachers have precedent in other cities and counties where substantial increases have been allowed. The facts are not at hand as to the finances at the command of the board of education but certainly their claim that the costs of living have increased in such a way that the buying power of their salary money has been greatly reduced.

It has been generally acknowledged that teachers as a rule are not as well paid as many of those who do less important work. Another argument in favor of the teachers is that if they keep properly in touch with educational work and methods they must frequently spend some part of their salaries for special training or special books. The petition for the increase in salaries is not a matter of surprise.

Rippling Rhymes  
By Walt Mason

ENJOYING LIFE  
It is good to save some plunder, save a part of all we earn, so that when we're old as thunder we may have some coin to burn. Oh, it makes a man disgusted, when his age is eighty-nine, and he finds himself so busted that he cannot buy a shine. But to save like some blamed miser I consider vain and wrong; blowing in some coin is wiser, for a man is dead so long. This old world's a thing of beauty, but it soon will pass away, so when we have done our duty, we should go ahead and play. When we've earned our daily wages we should be for pleasure strong; for the prophets and the sages say they are dead so long. Let's be happy while we're living, happy in no selfish way, but a friendly hand-out giving to the more unlucky jay; let's do something for the heathen, make their lives one grand sweet song, and be happy while we're breathin', for we'll all be dead so long. Let's support all worthy causes, help when his demand a cure, and be smiling Santa Claus, when we go among the poor; let us merrily skedaddle with the transient human throng; death is ever in the saddle, and we'll all be dead so long.

Mrs. Ralph Fry and two sweet twin babies made a trip from the southwest part of the county to the city yesterday.

ALEXANDER.

Mrs. Bridget Gaul has gone to reside at the home of her daughter, Mrs. Stacia Hennessy, in Jacksonville, Mrs. Gaul, who is eighty years of age, has spent her entire life in and near Alexander and has hosts of friends in the community. Her health has been failing rapidly of late months and it was therefore decided that it would be best for her to make her home with her daughter.

Mrs. Milton Todd and daughter Lucinda of Buffalo are visiting relatives in Alexander.

S. W. Baxter of East St. Louis was a business visitor in the city yesterday. Mr. Baxter was for a number of years a resident here and was city editor of the Courier. He is now one of the leading attorneys of East St. Louis.

CIRCUIT COURT WILL  
SOON BE IN SESSION

May Term Will Convene Monday, May 12th—Docket About Normal Size.

The May term of the Morgan county circuit court will convene Monday, May 12. The docket is not quite as heavy as for some previous terms, according to records of Circuit Clerk C. W. Boston, altho the number of cases is just about normal. There are 22 of these people's cases, of which 19 are continuances and the remainder appearances. On the chancery side there are 116 cases, of this number 75 being continuances.

Suits Filed Friday.  
A number of suits were filed yesterday. John Anderson, by his attorneys, Bellatti, Bellatti & Moriarty, has brought a suit in assumpsit directed against R. E. Henry et al. It is claimed by the complainant that \$500 is due him from the defendant. W. N. Hairgrove and Judge E. P. Brockhouse are attorneys for Carl Bourn, who has brought action for trespass against Noah T. Cox. The amount of damages asked is fixed at \$5,000.

G. A. Faugust, by his attorney, E. L. Gregory, has brought suit against Mrs. Louise Gilbert et al. for specific performance of contract. It is alleged by the complainant that he purchased a part of lot 139 old plat Jacksonville and without court order, because of certain family complications, that a proper deed cannot be delivered to him.

Mrs. Marie Mason, by her attorneys, Wilson & Butler, has brought a suit against Sheriff W. H. Weatherford, asking that he be restrained from seeking to enforce collection of certain taxes. It is set forth that Mrs. Mason was at the time the assessment was made a resident of Mokena, in Kankakee county, and that she should not be required to pay a personal property tax in this county. It is set forth that J. S. Sheppard, as deputy assessor, knowingly filled out a report indicating that she had \$25,000 in bank and personal property to the value of \$4,100. It is maintained that subsequently a personal property tax of \$2,552.11 was assessed. It is the claim of the complainant that the amount of money she had at the time was actually \$5,304 and that the assessments on this cash in bank and other personal property was made at Mokena in Kankakee county.

Judge W. E. Thomson is attorney for Mrs. Florence Flickinger, who is seeking divorce from her husband, C. H. Flickinger. They were married in September, 1913, at Stoutsville, Mo., and the defendant is charged with infidelity.

J. O. Priest is the attorney for James Cully, who has filed a suit in assumpsit directed against Mrs. Jennie Clerihan. The new cases for hearing at the May term enumerated above are as follows:

FROM A FORMER RESIDENT  
The postmaster turned over to the writer a letter dated at Colorado Springs, Colo., which reads: "Sir: I am writing to know if Mr. Ensley Moore or Mr. William Bancroft are living in your city."

I attended the Presbyterian Seminary in 1860-61; the memory of it all is very dear to me. I am 81 years of age, and "a shut-in." \*\*\*\*\*

Miss Margaret Hills.

Miss Hills was here, and known to some of our people along about 1868 to 1872, or perhaps longer, and was an attendant of the Congregational church. She came here from Lynnville. Her friends will be glad to hear from her.

A New Ocean to Ocean Trail to be Marked Out and Established—Will Jacksonville and Morgan County Wake up and See to it That the Trail Passes Thru This Place?

A new ocean to ocean trail has been launched to start at Asbury Park, New Jersey and end at Pasadena, California. Tuesday, May 6th, the officials are to meet at the St. Nicholas hotel at Springfield, to discuss the route thru Illinois and it is extremely desirable that this city and county be well represented.

Both Bloomington and St. Louis are eager after this trail and that would mean that it did not pass thru this county, a consummation devoutly not to be wished. Quincy was with us at one time but not now so that our interests are linked with Winchester, Pittsfield, and Hannibal and from those cities and this county it is desirable to send several hundred delegates or people from these localities to the capital city to see that we are placed on the map and are to be heard from.

It is reported that Quincy will send a large delegation and Mt. Sterling, Beardstown, Ashland and other places in that direction will pull hard for the road and hence it will be seen that it is all important that the crowd from this section be large enough to overshadow and put out of sight the delegations from rival districts. Persons going should wear badges showing definitely what they are for and then go and use every effort for this locality.

Everybody interested in the matter should by all means try to go and all such are requested to report at the earliest possible moment to T. M. Tomlinson. If public roads will permit the most will go by auto, but if not, then by train.

**Meeting Last Night.**  
The Morgan County Good Roads Association held a meeting at the court house last evening and in the absence of Pres. H. K. Snyder, V. R. Riley was made chairman of the evening. The foregoing matter was discussed and there was much enthusiasm regarding the matter. Messrs. Ira Patterson, H. L. Caldwell and T. M. Tomlinson were made a committee to arrange for badges or banners or both to be used by all who go to Springfield Tuesday.

Clarence Dalton of Nortonville was present and invited to speak. He said he was interested in Jacksonville, for though it was some miles distant from Nortonville, they regarded it as their home town and metropolis and were anxious to do all they could for its welfare. He felt that Jacksonville and the county should send as many as possible to Springfield next Tuesday. J. S. Miller of Nortonville, also spoke in the same vein.

It was deemed wise to take definite measures to secure the attendance of as many as possible at Springfield Tuesday and to that end committees were named and all gentlemen not present please take notice and be on hand and attend to the work requested of them as it will not be very much for any one.

William Coking would be in Winchester and look after that place.

Everybody be a committee to go and get somebody else to go. If the roads are bad go by the 8:10 Wabash train in the morning as the meeting at Springfield will be at 10 a. m. If the roads are good autos assemble north side of square at 8 o'clock and start by 8:30 so as to be there in time.

H. H. Bancroft has agreed to be one of the orators for Morgan county and the Southern Way at Springfield.

Efforts will be made at once to communicate with Pittsfield and Hannibal and secure their interest and cooperation.

It was decided on request of C. N. Priest to change the markings of the Burlington Way to go down West State street along the north side of the grounds of the State School for the Deaf, go north and join the present marking at the Spaulding corner.

It was decided to give \$25.00 toward the marking of the Ocean to Ocean trail thru the county and thru Jacksonville.

The meeting at Springfield is not directly in the interest of hard roads, but will greatly aid in that respect.

**Meeting at Modesto.**  
Roy Craig said that there was a large interest in the matter of good roads from Nortonville on down and the people in Modesto and vicinity are anxious to have a rousing meeting and for that purpose they requeste draid from this county and city and wanted us to name the day, and Thursday next was suggested, so that if the roads are good it is desired to send a liberal delegation down to that meeting.

## CONGREGATIONAL CHURCH BROTHERHOOD

The brotherhood of the Congregational church held its annual meeting last evening with a good attendance. An excellent supper was prepared and admirably served by Rev. W. E. Collins, Messrs. Ebenezer Spink, J. W. Bowen and Marcus L. Robinson. The report of the managers of the forum lecture course was heard and the sincere thanks of the brotherhood were tendered Frank Hehl for his excellent work in that enterprise. Mr. Hehl said his assistants also worked faithfully and well. The outlook for the forum for the coming season is also excellent and the high standard set by the first one bids fair to be maintained.

Officers for the ensuing year were elected as follows:  
President—H. M. Capps.  
Vice president—Earl M. Spink.  
Secretary—L. B. Potter.  
Treasurer—F. T. Irving.  
Bible Class teacher—Dr. C. M. Hibbert.

## Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

**Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases.**

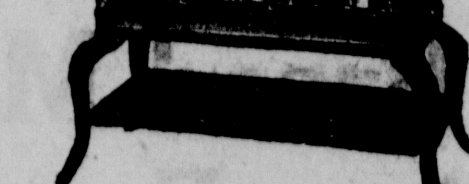

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic

dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store today. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. ## 22,000 RAINBOWS

**WERE WOUNDED**  
WASHINGTON, May 2.—Only about thirty-five per cent of the more than 22,000 men composing the 42nd (Rainbow) division as it returned from France where members of the original division as organized at Camp Mills, N. Y., to embark for the front. Practically all of these men have been wounded or otherwise incapacitated. They had been returned from the hospitals and rest camps to the division and when it received order for home, a special effort was made to get together all the original Rainbow personnel who had survived.  
The intense activity of the division during the fighting is shown by the number of replacement

troops which passed thru its master rolls, placed by officers of the division at approximately 67,000 men against the full war strength of 27,500. Each time it was withdrawn for rest it was necessary practically to reconstitute the divisions personnel because of casualties.  
The last elements of the 42nd arrived yesterday at Newport News.

Thirty Years  
Hence ?

You will want a Kodak this  
summer, buy it now and fa-  
miliarize yourself with it  
by taking pictures around  
home. Make snapshots of the  
little ones at play; thirty  
years hence when the  
home no longer echoes with  
childish prattle these pic-

Philadelphia, May 2.—Wash-  
ington beat Philadelphia 7 to 2 in  
the opening game of the Ameri-  
can League here today. Shaw  
was largely responsible for the  
Senators' victory. In his first two  
times at bat he sent the ball into

FARM RESIDENCE

Old Corrington Homestead East  
of City Destroyed by Fire Fri-  
day Afternoon—Occupied by  
Marvin Thompson.

The old Corrington homestead  
located about ten miles east of  
the city on the state road was  
destroyed by fire Friday after-  
noon. The property which had  
been rebuilt and remodeled in  
recent years was occupied by  
Marvin Thompson.

Fire started in the kitchen of  
the residence Friday morning  
from a defective chimney. This  
blaze was extinguished. Friday  
afternoon about 4 o'clock fire  
started in the kitchen stove and  
the house again caught fire.

This time the flames spread so  
rapidly that the entire structure  
was destroyed. By the prompt  
action of the neighbors a great  
deal of the furniture was saved  
and the other buildings adjacent  
to the dwelling saved.

It is not known whether or  
not Thompson carried any insur-  
ance. The loss will be several  
thousand dollars.

BE BURNED. JOHN WILKINSON,

PUBLIC SALE

On May 22nd registered Perch-  
eron mares, stallions, mules, cat-  
tle and farm implements, on farm  
east of city. Clifton Davis, Ex-  
ecutor.

ALL RIGHT; DO IT OFTEN

A day or two since some per-  
sons were seining for minnows in  
the creek when they took up sev-  
eral hundred small catfish which  
they promptly took to the lake  
in Nichols Park. That was an  
act worthy of imitation. Now  
that the city seems sure to have  
a water supply there will be no  
risk in stocking the lake in the  
park and the friends will not  
have the sorrow of seeing it  
drained and several wagon loads  
of fish killed.

Apron sale, Saturday,

ANTHONY BRANOM HOME

A happy home is now at 357  
East College avenue because the  
master, Anthony Branom, is home  
from overseas. He was in the  
signal corps and after enlisting  
in May went over with the 77th  
division in September. He was in  
the Meuse and Argonne Forest of-  
fensives and came home with cor-  
poral's chevrons on his sleeve.  
He is looking well and happy to  
be at home.

ADOPT A WAR ORPHAN.

Maple Grove school, Burley  
Jones, principal, Miss Ethel Sooy,  
primary, had a market yesterday  
for the war orphan fund and  
realized \$36.00 from sales. The  
work was managed by the teach-  
ers and pupils and kind friends  
patronized liberally. It was a  
noble work and the orphan will be  
adopted forthwith.

A sight of a lifetime and one worth coming miles to see. Every citizen of Jacksonville and vicinity should see this wonderful piece of workmanship. It's a marvel of ingenuity and artistic skill. It exhibits the front elevation of the National Capitol — the mammoth Arch of Triumph with its ornamental column of Liberty and Chariot of Progress. The great hall flanked with smaller halls running through the entire building is shown with marked exactness as to its features and adornment. This masterpiece is executed in one of our show windows, and with the one purpose in view, to make you acquainted with ROYAL CUTICLE SOAP.

For 25c Cake of  
ROYAL CUTICLE SOAP  
During This Sale

In order to thoroughly introduce their Medicated Royal Cuticle Soap, the Royal Company has selected and appointed the highest class and most dependable store in each city through which to offer the greatest soap bargain ever offered in America, and incidentally make one of the most unique displays ever shown. In selecting their representatives for Jacksonville they naturally first thought of Rabjohns & Reid, and arranged for this display and appointed us agents for this city and county. We consider ourselves fortunate in having secured the exclusive agency for Royal Cuticle Soap for Jacksonville and are glad to be able to give the people of this vicinity an opportunity to buy this high-grade Toilet Soap at positively the lowest price ever named for such quality.

Instead of distributing small free samples to each family, the manufacturers allow us, during this event only, to sell

One 25c Cake for 10c

and not more than 3 cakes to one person; no dealers supplied.

### A. F. CAIN ENDS USEFUL LIFE

Deceased a Well Known Resident—Had Been Ill For Several Years.

Austin F. Cain died at Our Saviors hospital at 3 o'clock Friday morning after an illness of several years. He spent a number of years in the west for the benefit of his health. Recently he was stricken with pneumonia which caused his death.

Deceased was the son of John and Bridget Cain and was born at Arnold October 23, 1862. For many years he was engaged in the occupation of farming and stock raising. He retired from active work last fall and has since made his home with his sisters, Misses Winifred and Elizabeth Cain of 1320 West State street.

He is survived by six sisters Mrs. Martin Joyce, Mrs. Margaret Lomagan, Mrs. Rose Kingsley, Miss Winifred Cain and Miss Elizabeth Cain of this county, Mrs. James Corrigan of New Berlin and two brothers John and Thomas Cain also residing in this county. One brother James died in 1895.

The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. Funeral services will be held from the Church of Our Saviors this morning at 10 o'clock.

### WAS IN FRONT TRENCHES 72 DAYS

In a story in Friday's Journal with reference to Joseph Thompson's service overseas it was stated that he had endured at one stretch seventy-two hour trench duty. It should have reads days, seventy two days in a front line trench with practically the entire time under fire.

All who buy clothing of Knoles are well pleased.

### LAST RITES SAID FOR HAROLD J. JOHNSON

Services Were in Charge of Dr. F. A. McCarty—Knights Templar Had Charge at the Grave.

Deeply impressive were the funeral services for Harold J. Johnson which were held from the family residence, 1239 South East street Friday afternoon at 3 o'clock. The services were in charge of Dr. F. A. McCarty of Quincy assisted by the Rev. F. B. Madden, pastor of Grace church of which Mr. Johnson was a member.

There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased. Music was furnished by a quartette composed of Earl Richardson, James Guyette, Dr. C. B. Magill and Maurice Peckham. They sang with deep feeling, "Come Unto Me," "Abide With Me," and "Safe in the Arms of Jesus."

There were many beautiful floral offerings and these were tenderly cared for by Miss May Martin of Litchberry, Mrs. Carrie Daily of Peoria, Miss Elizabeth Martin of this city and Mrs. W. O. Hower of Lincoln, all cousins of Mr. Johnson.

Dr. McCarty who was a friend of Mr. Johnson's of many years standing spoke feelingly of his personal relations with the deceased. His ideals and of his interest in church and other community interests. His deep love and affection for his mother also was referred to by the speaker as indicative of his noble qualities.

The 23d Psalm was selected by Mrs. Johnson for the text. Dr. McCarty spoke as follows: "I am here to voice my own sorrow, to mingle my tears with the tears of his mother, and to pay a tribute to a true friend. I feel as did the prophet Jeremiah when he said:

"For death is come unto our windows, and I entered into our palaces to cut off the children from without, the young men from the streets."

"In these fateful days when so many homes mourn because the son comes not back, we feel a warm kinship with those tragic days of Jeremiah when the Reaper, Death, claimed an unusual harvest of the young men of the nation."

"The world has always regarded the death of young men as a particularly sore affliction. Young men are the inspiration of the present, and the hope of the future. While the death of old men brings sorrow, yet we recognize it all a part of the natural order of things and to be expected, but the young men have a career before them, and are so full of promise and strength for days to come, that their death seems the utmost of failure. The death of a young man is so far-reaching in its consequences. One of the horrors of war is that it takes its toll from the very blossom and flower of young life."

"Why should all this be? We instinctively ask the question, but to try to answer, or speculate upon God's plans and reasons for things were worse than useless. We cannot see. We cannot understand, but we can know that we are in God's world, and that God has his hand upon the affairs of men, and that God is our Father and that He loves us with an everlasting love. In this hour we trust, and let Him lead us; and no comfort will be quite so helpful as to feel the touch of His guiding hand, and to know that about us is the Everlasting Arms."

"This community feels most keenly its bereavement in the death of Harold Johnson. We all loved him, he was a general favorite. He belonged to the community in a very real way. He loved and served the community. We were proud of his many qualities and bearing, of his business ability and success. We all appreciated his musical talent, and the joyous, generous spirit in which he gave it for the joy of others. We rejoiced in his heroic and unselfish devotion to his mother. We admired the heroism with which he took up the responsibilities laid down by his revered father, and his loyalty in carrying out his father's plans and ideals. We shared his hopes for the future. Our first feeling is that all this is lost, but our faith can never rest there. We know that is not God's way of doing. We are so familiar with fact that matter is not lost when it changes

form. Much less will God permit the things of life and spirit to perish.

"Just how He will conserve these things which we so highly value, we cannot know. We would like to know something of life beyond the veil. We are surprised the Bible tells us so little. Yet why should it. We could not form any conception of life apart from the body. Then we would not dare to interfere with the destiny of our friends is we could. We are glad to learn that in the hands of a loving Father—our Divine Shepherd will care for His sheep."

At the close of the services the remains were borne to Diamond Grove cemetery and laid in their final resting place. At the grave the beautiful funeral service was carried out by the Knights Templar.

The bearers were: W. P. Spillman, P. H. Griggs, J. S. Hackett, Harry Hofmann, Charles M. Strawn and H. E. Wheeler.

### HEALTH PROMOTION WEEK MAY 11-17

It must be a community affair. If the people will just get busy and report every unsanitary condition known in the city to Miss M. E. Coale, Illinois telephone 1474, between 8 and 9 a. m. or 1 p. m. to 2 p. m. Illinois phone 1505, after 2 p. m. Our organization hopes to have the co-operation of every modern crusader and Boy Scout in this city and let us make the most beautiful and above all, the most sanitary places in the State of Illinois.

Our city officials promise to have all garbage removed as well as unnecessary trash and burned as far as possible. Remember the fly with the filthy feet can kill an entire family. So begin now with a home brigade armed with fly swatters and work on the principle that the only good fly is a dead one. Later, we will tell the people where rubbish might be placed so we may have a community bon fire. So see many germs disappear in the smoke.

### CITY SCHHOL TEACHERS ASK FOR WAGE INCREASE

Have Petitioned Board of Education for Twenty Per Cent Increase Over Present Salaries in Addition to Bonus.

The teachers of the public schools have petitioned the board of education for an increase in salaries. The petition recites the increased cost of living in addition to the cost of preparation in order to keep up with modern teaching methods. The petition follows:

To the Board of Education, Jacksonville, Illinois:

The teachers of the public schools of your city whose names are signed below after deliberate consideration have decided respectfully to petition your honorable Board for an increase in salaries now received by them plus the "bonus" paid to them this year.

In asking the granting of the prayer of this petition the teachers would respectfully urge upon your consideration the following facts: Estimates of the increase in the cost of living since 1915 are within a conservative limit when placed at seventy five per cent. The only increase in the salaries of your teachers since that time is a ten per cent "bonus" for the year now closing. The advance in the cost of other articles used by teachers and not included in the necessities of life make the purchasing power of the salary of the teacher in your public schools sixty per cent of what it was four years ago.

Furthermore it is a fact that the hod carriers, the railroad section men and laborers in many branches of unskilled labor are better paid than many of the high school teachers of your city who are college graduates, to say nothing of the teachers in your grade schools. And the wages of barbers, carpenters and other skilled laborers of this city are far in advance of the salaries of your teachers.

It is self-evident that your teachers have spent much money in preparation for their work; that they are expected to spend much each year in support of various enterprises and projects; that they must keep up with the progress of their professions, that they are not only expected, but they are required, to have on a plane, so far as clothing, home and environment are concerned, as to command the respect of the community; and that they must expect to be out of employment about one-fourth of each year.

In respectful earnestness the undersigned teachers say to your honorable Board that the time has come when the welfare of the schools of Jacksonville is concerned in the matter of the salaries of your teachers. The salaries paid cannot be expected to hold in the profession the ambitions and successful teachers. Thoro preparation, a high grade of efficiency, a good personal appearance and an intensive interest in the work cannot be expected of your teachers on their present salaries. If the schools of Jacksonville are to be kept up to the standards expected and demanded by the people of this community the salaries of your teachers must be increased so that those who give their time to teaching may be allowed a wage sufficient to fit them to meet the demands of the profession and their position and at the same time live on the plane required of them.

### FIRE ALARM FRIDAY

The fire department was called to the residence of Mrs. Owen at the corner of North East and East Washington streets at 6 o'clock Friday morning. Fire had started on top of a cupboard, before any of the family had gotten up.

There was a box of matches open on top of the cupboard and Chief Hunt was of the opinion that mice had probably started the fire gnawing the matches. The damage was small. The property is owned by Simeon Fernandes and the loss is fully covered by insurance.

# The New SEMI-LUXURY TAX

## And How it Operates

Purchasers of the following articles of merchandise must pay a TEN PER CENT TAX on amounts in excess of certain stipulated prices to the vendor of merchandise at the time of sale, and the vendor is required to render monthly return to the Collector of Internal revenue at the close of each month's business.

The law requires war tax must be added to price for which sold and must be collected as such by dealer from customers.

Below is a list of articles carried in our stock which will be affected by the new law:

Men's Hose, over .....	\$1.00	Men's and Boy's Caps, over .....	\$2.00
Neckwear, over .....	\$2.00	Men's Shirts, over .....	\$3.00
Hats, over .....	\$5.00	Underwear, over .....	\$5.00

### MOTHER GOOSE RHYMES FOR I. S. D. PUPILS

Very Clever Program Staged Friday Night—May Later be Filmed for Wider Use.

An entertainment of great worth was given at the State School for the Deaf Friday night for the entertainment of the pupils. A moving picture was given showing military training in Panwood school in New York City, a school for the deaf. This was followed by the presentation of Mother Goose Rhymes, some orally, some with signs and others in pantomime. A booklet, printed especially for the occasion and with a Mother Goose emblem "cut out" used as a decoration, was available for those in the audience and so they had before them the text of the rhymes as well as the stage exhibit.

There were sixty children required for the extensive cast and the committee of teachers responsible for the splendid program, Misses Edith Jordan, Anne Berkeley and Caroline Taft, had provided an elaborate stage setting.

When the "Old Woman who Lived in a Shoe" was presented there was an enormous shoe, from which twenty children emerged. A pumpkin large enough to give space for several children was an adjunct to "Peter, Peter, Pumpkin Eater," and when "Little Miss Mary" went into her garden the flowers were cleverly represented by children. These features are only a few from the program as a great many other of the famous rhymes of Mother Goose were given and all in a most entertaining and delightful way.

Altogether it was an artistic program which delighted both the children and grownups. It was so successfully done that the suggestion was several times made that the program should be filmed for use in other schools and as an exhibit of what is being done for the children at the School for the Deaf. The committee of teachers mentioned above was assisted by the following committee: Thompson Darling, chairman; Bernice Schilling, Vida Conway, Gertrude Conway, Charlotte Watts, Gladys Watts, Frances Homrighous, Glenn Markley, George Murphy, Walter Whet-

stone, James Minton, Harry Kees al, Stanley Bondick.
